Mobile App

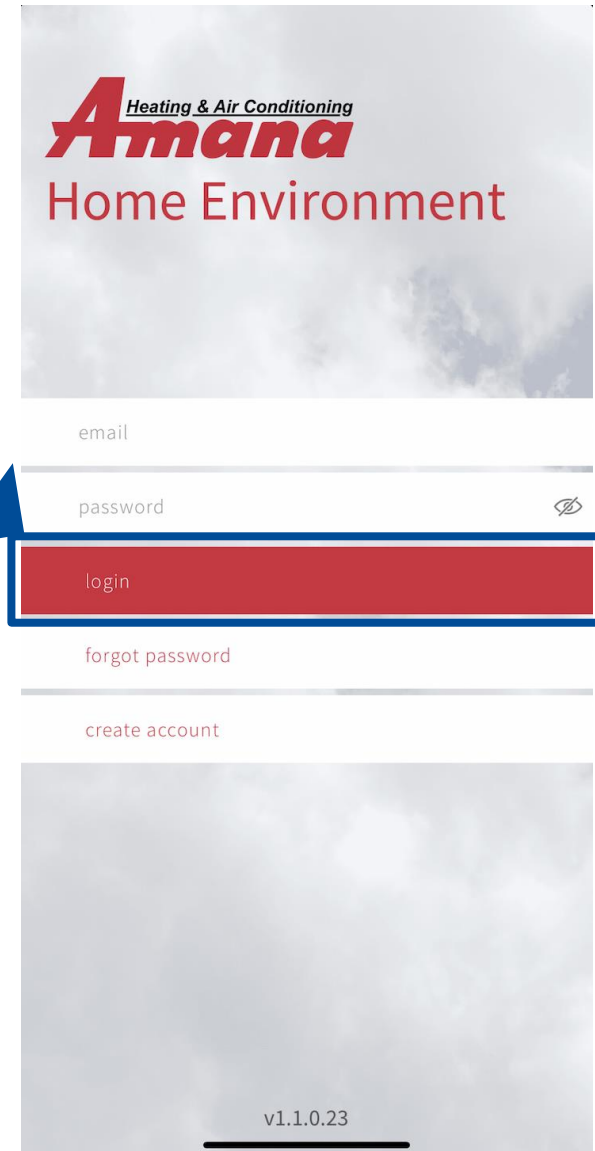

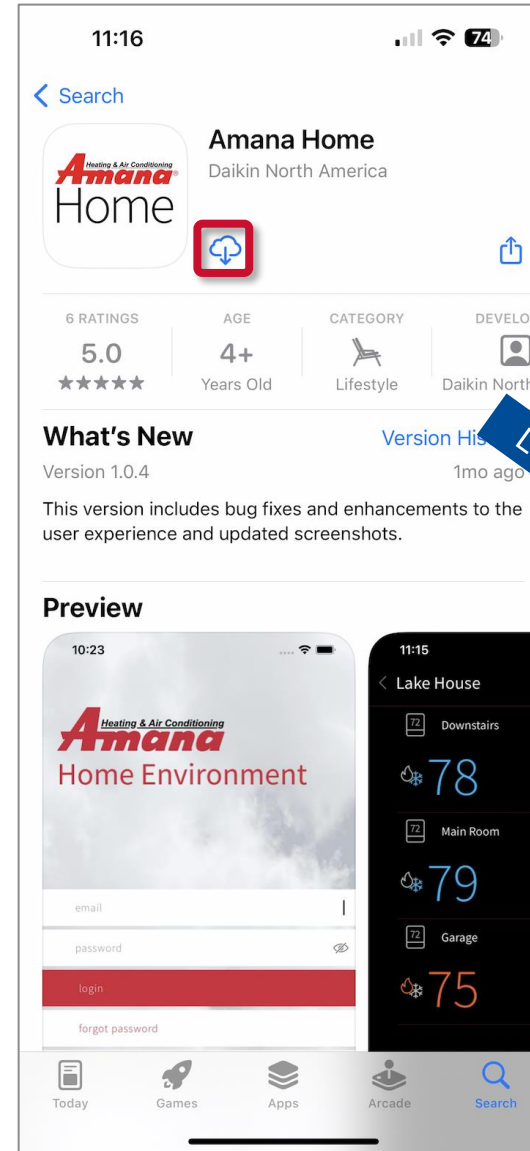

Account Set-up

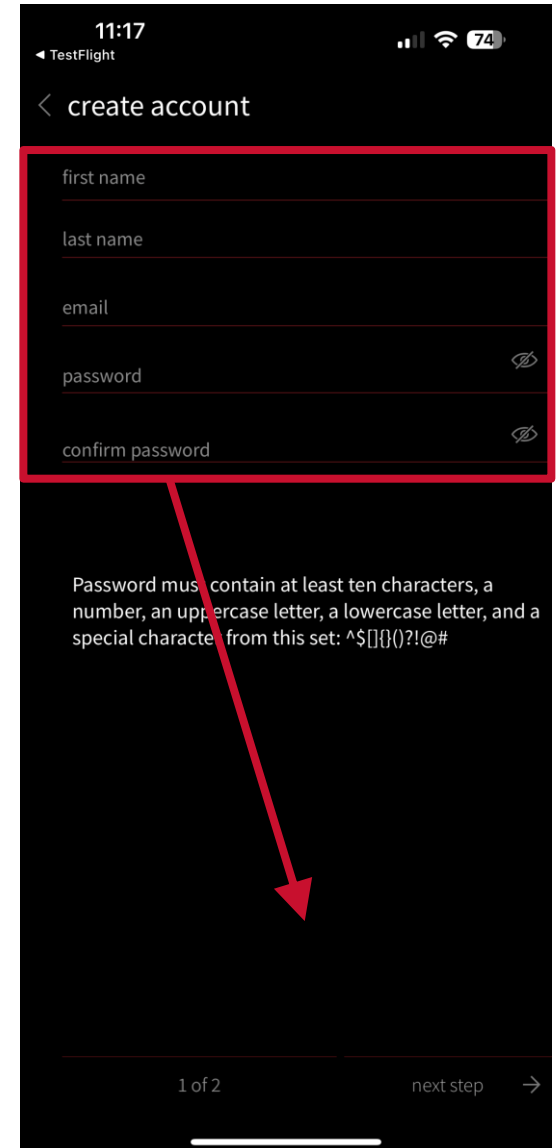

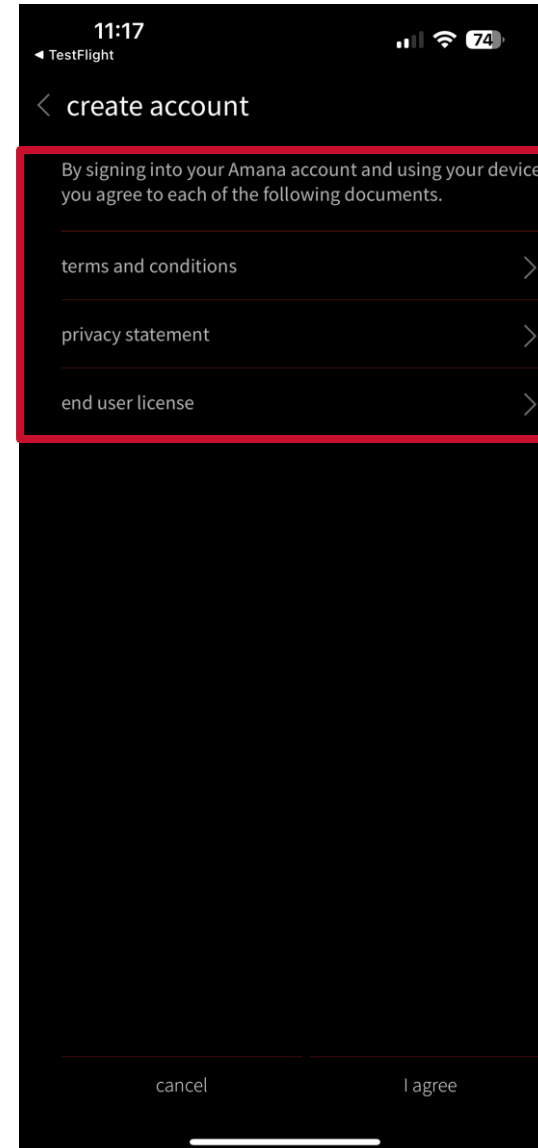

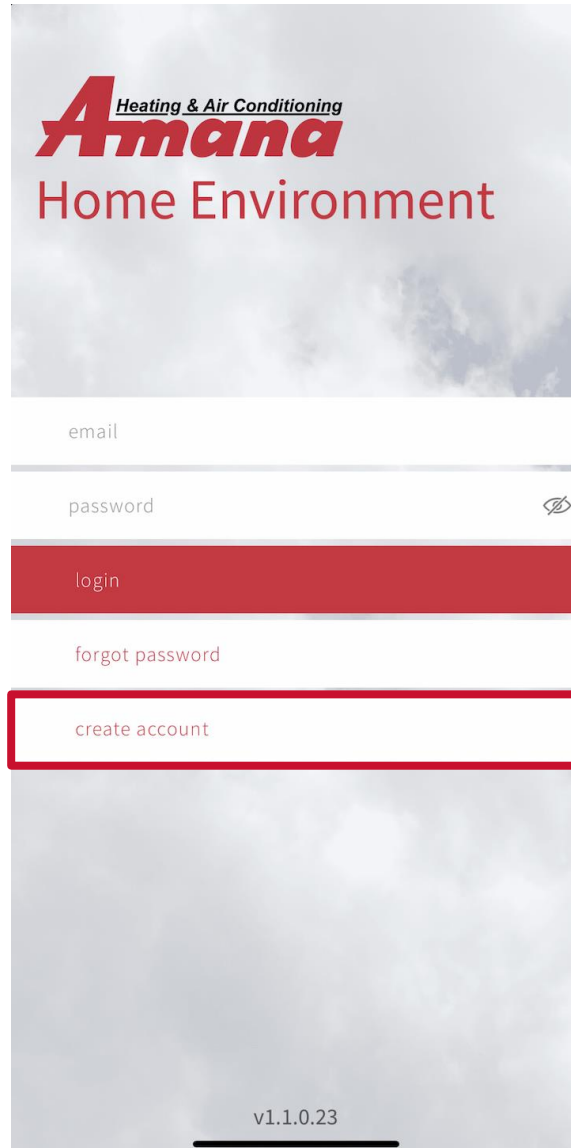

- Setting up an account is a four-step process.
 1. Downloading the application from your IOS or Android application store.
 - Creating the account.
 2. Confirming your account.
 3. Adding the thermostats' location.
 4. Connecting the app to the thermostat.

Note: A mobile device, the **Amana Smart Thermostat** connected to **Wi-Fi** that is wired to a **communicating system** and a valid **email address** is needed to create a mobile account.

Step 1 - Create The Account

- Tapping create account button of the login screen will start the process.
- Before agreeing, read the terms and service, privacy statement, and other notices.
- Fill in your name, valid email address, and password.

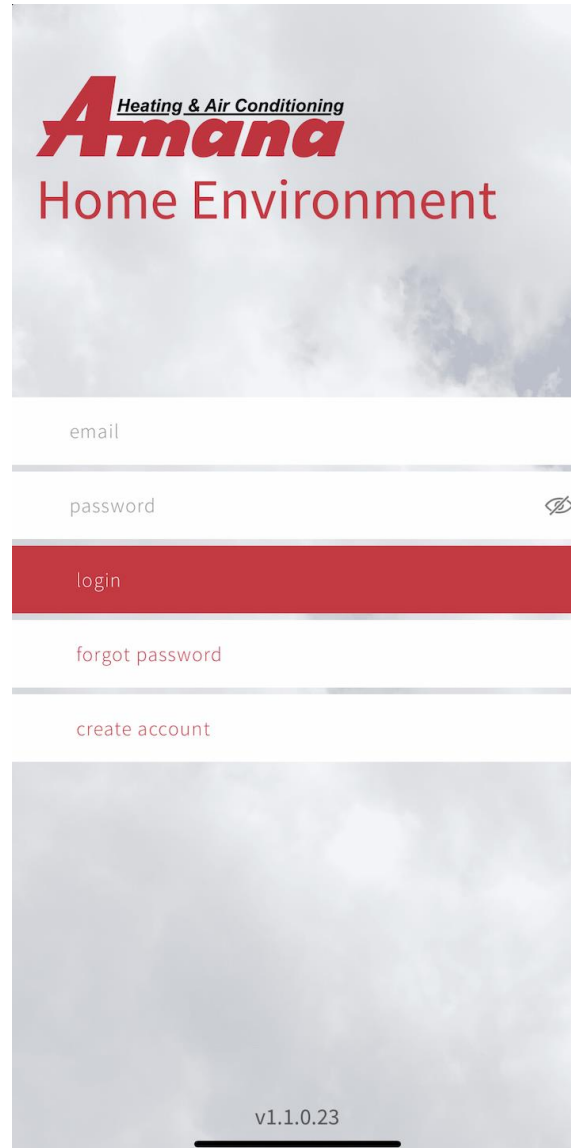

Step 2 - Confirming The Account

- You will be prompted to access the email address you provided when creating the account.
- A welcome email will appear in your inbox providing a six-digit code.
- Entering the six-digit code on your phone app. will allow you to continue.

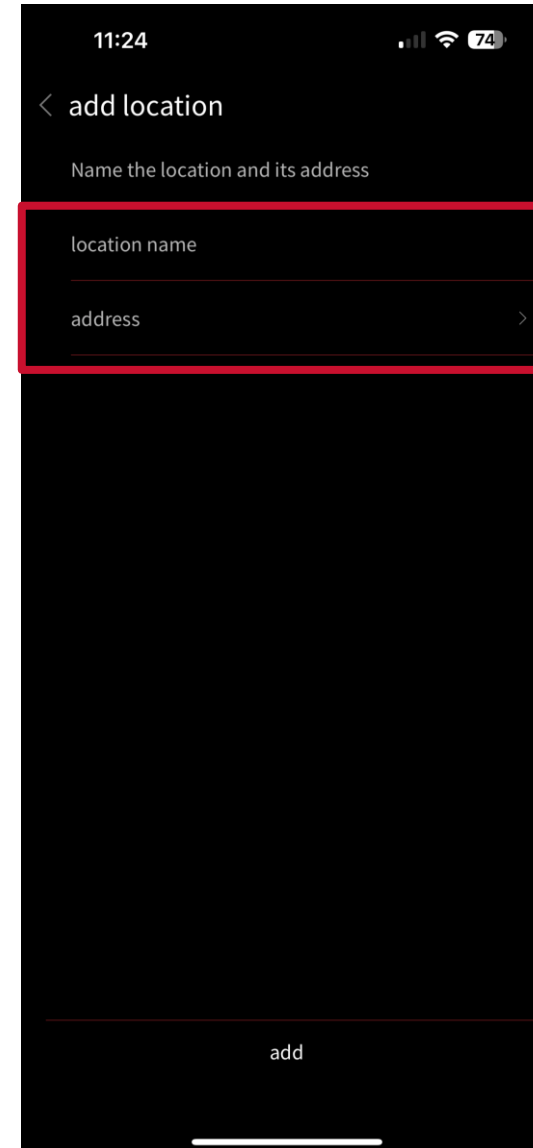

Step 3 - Adding The Thermostats Location

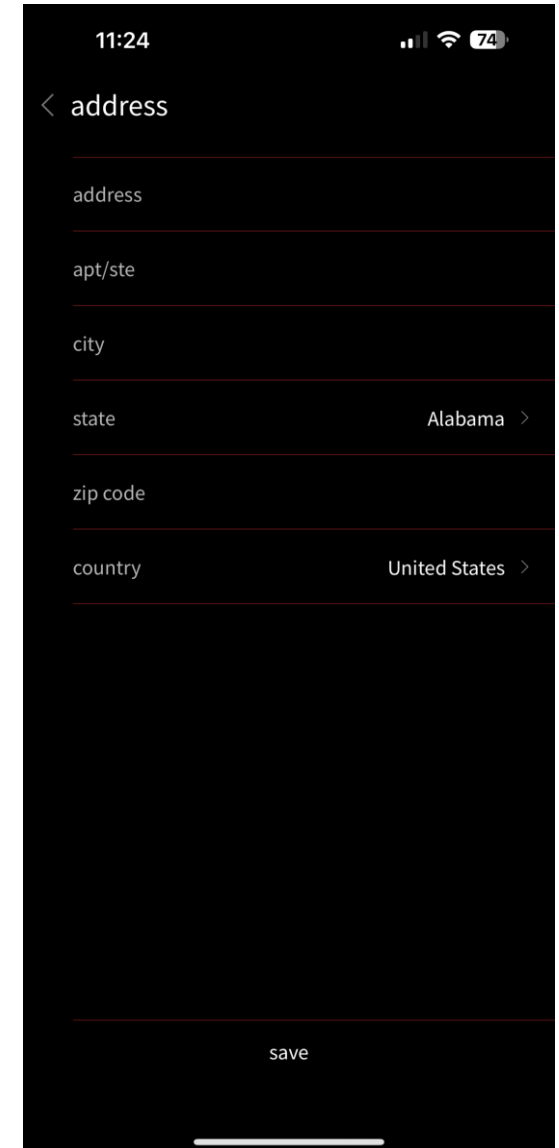

- Enter the email and password associated to your mobile account and tap the login button.
 - If you have forgotten your password, tap the forgot password link to recover information via email.
- Type the location name and address of where the thermostat is located to gather accurate information.

The login screen for the Amana Home Environment app. It features the Amana logo with 'Heating & Air Conditioning' above it. Below the logo are input fields for 'email' and 'password', a red 'login' button, a 'forgot password' link, and a 'create account' link. The version number 'v1.1.0.23' is at the bottom.

The 'add location' screen. It has a back arrow and the title 'add location'. Below is the instruction 'Name the location and its address'. A red box highlights the 'location name' and 'address' input fields. At the bottom is an 'add' button.

The 'address' screen. It has a back arrow and the title 'address'. It contains input fields for 'address', 'apt/ste', 'city', 'state' (with a dropdown showing 'Alabama'), 'zip code', and 'country' (with a dropdown showing 'United States'). A 'save' button is at the bottom.

Step 4 - Connecting The App. To The Thermostat

- With Wi-Fi enabled on your thermostat, access your account to retrieve the six-digit code.
- Type the six-digit code displayed on your thermostat into the space provided on the mobile app.
- Tap connect to continue and operate the Amana Smart Thermostat from your mobile device.
